- Construct

EXPERIENCE

SMITH SCHOOL OF BUSINESS - QUEEN'S UNIVERSITY

FRONTEND DESIGNER/DEVELOPER (CONTRACT)

Mar 2021 - PRESENT

- I designed and developed a responsive, and accessible student's web portal for Smith School of business. Tech used: HTML, Bootstrap 4, JavaScript, JQuery, Adobe Illustrator and Photoshop.
- Designed and created digital assets like icons, e-banners for student and web staff portals.
- Analyzed user interaction data from Google Analytics and Snapshot reports from Crazy Egg. Then, identified common UI/performance issues, proposed and developed solutions to optimize them.

THOUGHT CAFE

FRONTEND DEVELOPER (CONTRACT)

JUL 2020 - OCT 2020

- I worked on their project "Exoplanet Lab" - a web-based 3D educational game about the solar system for students. (<https://www.pbs.org/wgbh/nova/labs/lab/exoplanet/>)
- I worked with 3D artists and business to create interactive web components using React and Babylon.
- My responsibilities also included bridging a gap between 3D artists and the development team by integrating and testing the 3D models in our codebase.
- Tech stack: React.js, Babylon.js, Blender and Adobe Photoshop.

INTELENSE INC

FRONTEND WEB DEVELOPER (INTERNSHIP)

AUG 2019 - NOV 2019

- I worked on the web module of their flagship project which uses artificial intelligence video analytics to provide an actionable alert to people monitoring surveillance cameras.
- I designed and developed their marketing website. <https://intelse-website.herokuapp.com/>
- Tech stack: HTML, CSS, SASS, Bootstrap, React.js and Electron.js.

FREELANCE PROJECTS

TREVORKLAW

<https://trevorklaw.com/>

Mar 2021 - FEB 2022

- I designed and developed a responsive and SEO optimized website for a law firm.
- Tech stack: WordPress, Adobe Illustrator and Adobe Photoshop.

SIDE-CHAIN ANALYTICS

<https://side-chain-analytics.ca/>

DEC 2020 - JAN 2021

- I designed and developed a responsive and SEO optimized website for Dr. Bains.
- Tech stack: WordPress, Adobe Illustrator and Adobe Photoshop.

THE BAR ESSENTIAL

<https://thebaressential.ca/>

JUL 2020 - NOV 2020

- I designed and developed their e-commerce website.
- Tech stack: WordPress, Adobe Illustrator and Adobe Premiere.
